

# CRUISE

The powerful car transportable pavement scooter  
Now available in full suspension

- > Heavy duty motor with 26 stone capacity
- > Vantage full suspension option available
- > Fast & easy to assemble & disassemble
- > Easy-to-reach battery and USB charging sockets on tiller
- > Choice of pneumatic comfort and solid puncture proof tyres

## Cruise

The powerful Cruise car transportable pavement scooter offers an impressive 26 stone user weight capacity and guarantees a comfortable and trouble free driving experience with its large spacious foot deck and supportive deluxe adjustable seat.

With its heavy duty motor and mechanics the Cruise is able to tackle inclines and hills with ease giving you peace of mind whatever the terrain.

Available in two models – The Cruise non-suspension and the Cruise Vantage full suspension version. Both options are available with the choice of either pneumatic or solid puncture proof tyres.

Charging the scooter is straightforward with the choice of using either the easy-to-reach tiller charger or the battery box charger socket. Other user friendly features include the USB charger port, powerful LED front light and drinks holder.

With its unique docking design, disassembly and re-assembly of the scooter for transportation or storage is fast and easy, so enjoy your Cruise, enjoy your freedom!
