The New **K-Lite** *Comfort* micro mobility scooter has been designed to provide you with not only the ultimate in transportability but also the most comfortable, lightweight & most manoeuvrable of scooters available. Designed with lightweight components & utilising ergonomic dismantling mechanisms, we have developed one of the lightest scooters on the market. This brand new scooter has been further enhanced by adding full front & rear suspension, so you can now enjoy an even more comfortable & luxurious ride!

K-Lite *Comfort* is absolutely packed with many features that will benefit your every day life, independence & enjoyment:

- Easy to remove battery box with no plugs or wires to worry about, simply lift off & it automatically disconnests itself for you.
- Full front & rear suspension providing a luxurious driving experience.
- Single handed de-docking system, making it easy for you to strip down for transportation.
- Waterproof ignition & horn switches, giving you peace of mind & improved reliability.
- Quality breathable comfort seating that swivels for safe access on & off your scooter.
- Stylish alloy type puncture-proof wheels, no need to worry about driving over thorns when you are out and about

Why not book a test drive today!
